

WHAT'S NEW 2026!

MEGUIAR'S® QUIK SOLUTIONS HEADLIGHT RESTORATION KIT

- Achieve professional quality results in just two simple steps and enjoy 18+ months of protection thanks to Meguiar's® Ceramic Headlight Shield.

KIT PRODUCT CODE: G55265

MEGUIAR'S® QUIK SOLUTIONS LEATHER CARE KIT

- Quickly deep clean, nourish and protect all your leather and vinyl surfaces in one simple step with the help of the Meguiar's® Professional Microfiber Cleaning Disc.

KIT PRODUCT CODE: G55266

MEGUIAR'S® QUIK SOLUTIONS ALL WEATHER MAT CARE KIT

- This complete kit provides a safe and effective solution to clean your all-weather floor mats, leaving them protected, and looking like-new!

KIT PRODUCT CODE: G55267

MEGUIAR'S® QUIK SOLUTIONS CARPET & CLOTH CLEANING KIT

- This complete kit uses an innovative dual-stiffness drill brush to safely and effectively tackle stains on your carpet, carpeted floor mats and cloth surfaces.

KIT PRODUCT CODE: G55268

MEGUIAR'S® GOLD CLASS™ TOTAL INTERIOR CLEANSER

- Safely removes: dirt, grease, grime, sunscreen & make-up.
- Deep cleans: plastic, leather, cloth, vinyl & rubber.

16 OZ PRODUCT CODE: G262316

MEGUIAR'S® GOLD CLASS™ LUXURY MATTE

- UV-fading protection on rubber, vinyl, plastic & leather.
- Leaves non-greasy, non-slick luxury finish.

16 OZ PRODUCT CODE: G262116

MEGUIAR'S® FOAMING FLOOR MAT + CARPET CLEANER

- Foaming cleaner removes tough stains.
- For carpet, fabric floor mats, & all weather floor mats.

16 OZ PRODUCT CODE: G262816

MEGUIAR'S® MATTE & VINYL WRAP PROTECTION DETAILER

- Safe versatile formula cleans matte, satin, & glossy surfaces.
- Specially formulated to protect wraps, paint protection film & paint.

24 OZ PRODUCT CODE: G260724

OUR HISTORY

5 STEPS TO PAINT CARE

SINCE 1901

What began over a century ago as a simple furniture polish laboratory in the garage of founder Frank Meguiar Jr., has spanned four generations of the Meguiar family.

In his wildest dreams, it's doubtful that Frank Meguiar, Jr., could have foreseen what his first bottle of furniture polish in 1901 would evolve into over the next 100+ years.

Meguiar's, Inc. has become the global leader in appearance care and is proud to offer our next generation of products, tools and accessories to serious car enthusiasts. We strive to set an entirely new standard for quality and performance in the industry.

From his first bottle of furniture polish, Frank Meguiar, Jr. built his business on excellent products and an understanding of his consumer's needs. Today, Meguiar's enduring and strong relationship with serious car enthusiasts worldwide has created a level of trust and respect for the brand that transcends our products and embodies the lifestyle of the car hobby. To this day, Meguiar's is committed to delivering products and building relationships that excite and unite car enthusiasts and professionals worldwide.

STEP 1: WASH

Wash your car using a specially formulated car wash. Dish washing soaps & detergents strip your car's wax and can dry your paint out leading to a loss of gloss and shine.

STEP 2: CLEAN/PREP

Check for & remove above-surface contaminants like tree sap mist with Meguiar's® Smooth Surface™ Clay Kit before checking for below-surface defects. The most effective way to remove below surface paint problems like oxidation, fine scratches and swirls is to use a clear coat safe paint cleaner like Meguiar's® Ultimate Compound.

STEP 3: POLISH (OPTIONAL)

Polishing is recommended as an optional step, especially for dark-colored cars, prior to waxing to help create the ultimate in high gloss.

STEP 4: WAX/PROTECT

To protect and add a brilliant shine to your paint's surface, use only premium car wax or paint coating products.

STEP 5: MAINTAIN

Regular maintenance removes above-surface contaminants like bird droppings or tree sap before they have time to bond or etch into your paint finish. Meguiar's® Ultimate Quik dramatically extends the durability of your wax protection & safely removes dust and grime between washes.

10

MEGUIAR'S

FREQUENTLY ASKED QUESTIONS

WHAT'S YOUR BEST PAINT PROTECTION?

What's best for you may be different from the next car enthusiast. What's most important to you?

Latest in cutting-edge paint protection & intense water beading? Meguiar's® Ultimate Ceramic Coating is for you!

Durable protection with sustainable gloss and slickness? Meguiar's® Ultimate Wax is "Best".

Do you prefer a natural carnauba wax? You'll love our Meguiar's® Gold Class™ Carnauba Plus Wax with premium carnauba.

Cost/value/time-saving? Then it's the tried-&-true, all in one action of our classic Meguiar's® Cleaner Wax.

WHAT'S THE BEST PRODUCT TO USE ON MY NEW CAR?

All of Meguiar's products are safe to use on your new car, but brand new cars are unique in that the paint should be in excellent condition. If you adopt just a few routine maintenance procedures, you

can keep your car looking new for a long, long time. As Barry Meguiar often says, "Frequent car care is EASY car care!" Follow the 5 steps to paint care, using products designed for automotive care.

- Wash your car weekly, using a quality microfibre wash mitt and premium car wash/shampoo.
- Apply a high quality automotive wax 3-4 times a year.
- Maintain your car in-between washes by using a mist and wipe Meguiar's® Quik Detailer™ or Meguiar's® Ultimate Waterless Wash & Wax to remove dust & contaminants.
- Clay your car as needed.
- Protect your interior and exterior trim and tyres with quality protectants and tire dressing.

HOW DO I GET RID OF SWIRL MARKS AND SCRATCHES?

It depends on the severity and extent of the blemish. First, if you can catch your fingernail in the scratch, you will need professional help to correct it as it's very

deep. We recommend the following:

For very light scratches and swirls, Meguiar's® Ultimate Polish is the answer and may be applied by hand, orbital buffer or dual action polisher (DA). For heavier scratches, oxidation, or just generally neglected paint, Meguiar's® Ultimate Compound is the perfect choice. It too can be safely applied by hand, orbital buffer or with a DA.

If you have an isolated scratch, fingernail mark or light scuff, Meguiar's® ScratchX™ will safely provide the muscle to remove it.

WHAT'S A "DUAL ACTION" POLISHER AND WHY SHOULD I USE IT?

While most professional detailers use a DA, they are definitely not restricted to "Pro" use only. Overall, the DA will produce better results, faster. Meguiar's® MT300 DA Polisher has been designed, along with our pads for both do-it-yourself & professional use. DA polishers make paint correction a breeze, and you can also apply a coat of your favorite wax in virtually no time.

The best thing about Meguiar's DA polishers is that it is completely safe to use and will not damage or "burn through" your paint like a rotary can.

HOW DO I REMOVE WATER SPOTS?

The obvious answer is to prevent getting water spots in the first place by keeping your vehicle waxed and maintained, as well as washing and drying the vehicle in the shade and when the surface is cool. For those times where you do get that nasty, water spot surprise, we recommend Ultimate Compound, after you've washed your car (of course!)

WHICH IS BETTER: SPRAY, LIQUID OR PASTE WAX?

It depends on your goal or expectation. Our Meguiar's® Ultimate Quik Wax™, for example, delivers amazing results and you can wax your car in just minutes. Paste & liquid waxes also add gloss & deep reflections. Between paste and liquid waxes, it's really a matter of preference as both deliver long-lasting protection, gloss and shine.

12

13

STEP 1

WASH

STEP 1 WASH

In automotive paint care, washing and cleaning are not the same. While they sound similar, they are vastly different procedures. Washing removes loose contaminants from your finish like dust, road grime, and fresh bird droppings. We'll cover cleaning in Step 2.

A common misconception is that dish washing detergent is safe to use as car wash. Absolutely not! Detergents are formulated to strip everything off of the surface, leaving it squeaky clean.

A squeaky paint finish tells you that it has no protection. With repeated use, dish washing detergents remove everything from your paint finish including waxes, silicones and polymers. Once this is accomplished, they then proceed to remove the life giving oils in your paint finish, actually accelerating the oxidation process.

All of Meguiar's car wash products are pH balanced and specifically formulated to enhance the appearance and protection of automotive paint finishes.

14

15

**MEGUIAR'S®
ULTIMATE
WATERLESS
WASH & WAX**

- No water? NO PROBLEM! Safely wash & wax your car anywhere, WITHOUT WATER!

DEEP CRYSTAL™
CAR WASH**

- Meguiar's most popular wash!
- Tons of suds safely remove dirt & grime.
- Will not strip wax protection.

64 OZ PRODUCT CODE: G10464

16

17

STEP 2

CLEAN & PREP

STEP 2 CLEAN & PREP

Cleaning, or Surface Preparation, removes stubborn, bonded above-surface contaminants, as well as below-surface defects, like swirls, random isolated scratches, and oxidation. After your car is washed, pass your fingertips over the surface. Do you feel roughness like micro speed bumps on your paint? If so, these are above-surface, bonded contaminants.

Generally, you'll notice this contamination on your car's horizontal surfaces, but you may also see small, dark spots/specks on the rear and lower surfaces of a light colored car. Over time, these contaminants will dull your paint and rob your car of its shine.

Fortunately, Meguiar's® Smooth Surface™ Clay Kit includes everything that you need to safely, and easily, remove bonded contaminants. And no, clay bars are NOT only for professional use. If you have ever played with Silly Putty, you can use clay.

18

19

STEP 3

POLISH

STEP 3 POLISH

Polishing is an optional step, and is different from waxing. While some modern-day marketers have caused confusion by naively misusing the terms, the definitions are clear. As in polishing a diamond, the sole purpose of polishing is to create brilliant high gloss. For car show enthusiasts who are obsessed with having perfectly clear reflections, Meguiar's® Ultimate Polish is the perfect choice.

Others may be looking to remove the last hints of swirl marks without much time & effort. In this case, Meguiar's® Insane Shine™ Paint Glosser is a great solution as it is a sprayable polish! Protecting the paint finish, which we'll discuss in Step 4.

22

23

24

**MEGUIAR'S®
ULTIMATE POLISH**

- The final step before waxing for maximum gloss & reflectivity.
- Rich polishing oils add a deep, rich wet look to paint.
- Eliminates fine swirls, perfecting the paint prior to waxing.

16 OZ PRODUCT CODE: G19216

**MEGUIAR'S®
ULTIMATE INSANE
SHINE™ PAINT
GLOSSER**

- Incredible gloss & paint darkening.
- Conceals swirls & light defects.
- Mist on, wipe off – streak free finish.
- Leaves behind a super slick & shiny surface.

16 OZ PRODUCT CODE: G230316

25

STEP 4

WAX/PROTECT

STEP 4 WAX/PROTECT

Waxing protects the paint finish from the elements by coating it with waxes, polymers, resins and silicones. In addition to protecting, wax can also “lock-in” the gloss to create brilliance, deepen/enrich dark colours and offer other benefits, such as water beading and light swirl removal depending on the formulation.

All of Meguiar’s waxes are clear coat safe, with choices available in paste, liquid, or spray depending on your needs and preferences. Note that every car and car owner is different, as are the environments in which they live and how they are cared for. All of these variables affect how long a wax lasts. Generally speaking, we recommend waxing your car 3-4 times per year for maximum coverage, but more frequent waxing is OK!

Looking for the newest in Meguiar’s paint protection technology? The all new Meguiar’s® Ultimate Ceramic Coating uses proprietary technology that hardens into a solid barrier similar to professional-grade paint coatings. This hardened barrier provides durability beyond Meguiar’s premium waxes.

**MEGUIAR'S®
HYBRID CERAMIC
WAX**

- Ceramic Made Easy!
- Produces extreme water beading protection.
- No rubbing, curing, buffing or mess.

16 OZ LIQUID PRODUCT CODE: G200416

GOLD CLASS™
QUIK WAX™**

- Sun-safe formula makes black cars blacker & adds gloss to all colours.
- Premium carnauba/polymer blend for a dark, wet-look shine.

16 OZ PRODUCT CODE: G7716

STEP 5

MAINTAIN

STEP 5 MAINTAIN

Once a car is waxed, the best ongoing protection for your car's finish is regular attention, or maintaining the finish. Regardless of whether your car is parked or being driven, it's in a hostile environment.

Everything that flies, from a gnat to a 747, expels contaminants that are determined to bond to and then etch into your car's finish. Add to this acid rain, industrial fallout and those unavoidable UV rays (the No. 1 cause of paint degradation), and you can see how your car is constantly under attack. The more your car is exposed to the elements, and the harsher the environment is where you live, the more attention your paint finish will require.

Fortunately, Meguiar's has made it easy for you with our mist and wipe detailers. Meguiar's® Quik Detailer™, Meguiar's® Gold Class™ Quik Detailer™ and Meguiar's® Ultimate Quik Detailer™ allow you to safely and easily remove contaminants before they have time to bond to your paint finish. These products form the missing link between washing and waxing, allowing you to greatly extend the protective qualities of your car wax.

30

31

WHEELS AND TYRES

WHEELS & TYRES

After the vehicle itself and the exterior paint color, arguably the most important and defining feature of a car is its wheel & tyre package. What used to be limited to paint, chrome and aluminum has expanded into a variety of finishes from custom wheel manufacturers who are constantly driving advances in design and materials. Similarly, car makers have also added a diverse offering of wheels. Whether your ride's equipped with custom 3-piece forged rims, factory clear coated silver alloys, or a trick set of chrome plated wires, Meguiar's has developed the correct cleaners, polishes & polishing tool to make your wheels look their best.

But clean wheels with dull, dingy tyres is just wrong, so Meguiar's also offers a range of tyre dressings to make your tyres look their best. And in addition to improving your tyre's appearance, Meguiar's tyre dressings also protect your tyres, helping to prevent browning & premature aging of the rubber.

**MEGUIAR'S®
ENDURANCE™
TYRE GEL**

- The Original! Endurance Tyre Gel has long been the enthusiast's choice.
- Long-lasting shine remains for weeks, even through rain!

16 OZ PRODUCT CODE: G7516

INTERIOR

INTERIOR

Just because Meguiar's is best known for polishes and waxes, doesn't mean we forgot about the inside of your car. Meguiar's has developed an extensive line of products to clean, restore and protect the interior of your car.

Starting with Meguiar's® Quik Interior Detailer you can quickly and easily freshen up all the surfaces of your car, leaving behind a clean detailed look. To add shine and protection to your vinyl and rubber surfaces, Meguiar's line of protectants will do the job. Meguiar's® Ultimate Protectant will keep your sensitive vinyl dash board looking like new with superior, long lasting, UV protection.

And for the very best in luxury, Meguiar's leather cleaners and conditioners are #1 in the industry! Meguiar's leather products are perfect to maintain the look & feel of your vehicle's leather surfaces.

OTHER SURFACES

OTHER SURFACES

Detailing your vehicle always comes down to the finer details. Now that you've restored and protected your paint, what do you do with all the non-painted surfaces like vinyl, cladding, headlights and glass? Well, Meguiar's has you covered!

Meguiar's® Ultimate Black will bring back to life any faded and tired looking rubber, plastic or vinyl trim. This special formula will also last through rain storms and multiple washing, without leaving those ugly black streaks that run down the side of your car like other trim restoring products.

And have you noticed all those yellowed and hazy headlights on the road? Plastic headlights take a lot of abuse, whether it's damaging UV rays, fine scratches or road grime, they also need attention. Meguiar's full line of headlight restoration products can restore even the most severely oxidized headlights; or prevent your new cars lenses from ever fading in the first place.

**MEGUIAR'S®
HEAVY DUTY
BUG & TAR REMOVER**

10 OZ PRODUCT CODE: 616910

**MEGUIAR'S®
ULTIMATE
BLACK PLASTIC
RESTORER LOTION**

- Brings new life to all exterior plastic, vinyl & trim.
- Make trim & plastic look like new.

12 OZ PRODUCT CODE: 615816

**MEGUIAR'S®
HEAVY DUTY TRIM
RESTORATION KIT**

- Advanced plastic trim restorer that contains a plastic trim cleaner and trim shield protectant that restores and protects faded trim in minutes.
- Just two easy steps to revive and protect trim pieces.

KIT PRODUCT CODE: 6250100

**MEGUIAR'S®
PERFECT CLARITY™
GLASS CLEANER**

- Pro-strength for quick & easy cleaning against bugs, tree sap, smoker's film & bird droppings.
- Safe for use on all tinted windows.

24 OZ PRODUCT CODE: 68224

**MEGUIAR'S®
ULTIMATE
GLASS CLEANER &
WATER REPELLENT**

- Clean & treat glass in 1 step!
- Improves view in wet conditions.
- Cuts through grime & finishes clear.

16 OZ PRODUCT CODE: 6240416

**MEGUIAR'S®
ULTIMATE
HEADLIGHT
RESTORATION KIT**

- Advanced Ceramic Sealant.
- Headlights Stay Clear 18+ Months.

KIT PRODUCT CODE: 62990SRP

**MEGUIAR'S®
TWO STEP
HEADLIGHT
RESTORATION KIT**

- Easiest way to restore clarity to oxidized headlights. No drill required.
- Simply clean & coat to restore clarity to oxidized & yellowed headlights.
- Protects against re-oxidation for 12 months.

KIT PRODUCT CODE: 62970

ACCESSORIES

ACCESSORIES

Have you ever heard the phrase, "the right tool for the right job"? At Meguiar's, our line of paint, wheel and interior products perform at their peak when used with high quality accessories. Microfibre towels are not all created equal and our Meguiar's® Supreme Shine™ Microfibre Towel is a cut above the rest, making polishing and waxing even that much more enjoyable.

Ready to move up from hand compounding, polishing, and waxing? With the Meguiar's® MT300 DA Polisher you will achieve flawless results that cannot be matched by hand and without the worry of marring the finish. From first time users to professional detailers we guarantee you will love the results.

10

**MEGUIAR'S®
MICROFIBRE WASH
MITT**

- Meguiar's Microfibre Wash Mitt is the ultimate choice for show car perfect finishes.
- Extra thick microfibre lifts and traps dirt and grime for a brilliant, swirl-free finish. The comfort-fit cuff and soft inner lining make this wash mitt a pleasure to use.

SINGLE PRODUCT CODE: X3002

**MEGUIAR'S®
WATER MAGNET™
DRYING TOWEL**

- Meguiar's Water Magnet reduces drying time with less wring-outs by absorbing up to two times the water of traditional terry towels.
- The extra large 22" x 30" waffle texture wrings out easily and leaves a spot-free finish.

PRODUCT CODE: X2000

**MEGUIAR'S®
SOFT FOAM
APPLICATOR PAD**

- Ultra soft foam for applying waxes, ensures evenly, smooth application.
- Ultra-soft foam has tight cells.
- Pad is washable and reusable.

4 PACK PRODUCT CODE: W0004

**MEGUIAR'S®
SUPREME SHINE™
MICROFIBRE
TOWELS**

- Meguiar's Supreme Shine is an incredibly plush microfibre towel for producing swirl free, mirror-like results.
- The thick, deep, dual-sided microfibre pile absorbs three times more than traditional terry towels providing faster wipe off with less efforts.

3 PACK PRODUCT CODE: X2020

MARINE/RV

54

MEGUIAR'S® MARINE/RV, MARINE FLAGSHIP AND EXTREME MARINE PRODUCT LINE

Meguiar's offers a comprehensive, high quality line of products designed just for Boats and RV's. These products will give the same brilliant shine and long lasting protection that many enthusiasts have come to expect from Meguiar's line of car care products but formulated for the special requirements of fiberglass and gel coats.
